CURRICULUM

ACADEMIC PROGRAM

Bearing in mind that the world has become a Global village, our academic curriculum has been designed to be a blend of the Nigerian and British curricula. This is to ensure that our pupils stand out anywhere they find themselves. The contents of our curriculum is rich and stratified into various class levels. As such, it has been prepared with the following features in mind:

1. Content being at par the age and development of our pupils.
2. Production of a total child that can compete with any other child in the world
3. Production of children armed with relevant 21st century knowledge that can be deployed in solving emerging challenges in our ever changing world.

Consequently, we prepare our students for the following examinations:

- JSCE
- WAEC
- NECO
- SAT I & II
- TOEFL
- IGCSE

IMPLEMENTATION OF THE CURRICULUM

The school is blessed with a cream of qualified, dedicated, experienced and motivated teachers who in practice has taken **TEACHING** as a **MINISTRY**. As a matter of fact, the content of our curriculum is completed in due time. Students are also evaluated regularly to determine the implementation success of our curriculum.

Without mincing words, the sterling performance of our students in their examinations attests to this.
